## CARY MEMORIAL HALL

1605 MASS AVE, LEXINGTON, MA 02420  
Box Office: Monday - Friday, 10am-4pm  
caryhalllexington.com

Cary Hall is located west of Boston in the upscale suburb of Lexington, MA. Originally built in 1928 and fully renovated in 2015, Cary Hall hosts a variety of music, comedy, and family programming, and is home to Lexington's professional orchestra, the Lexington Symphony. Cary Hall attracts an affluent audience and does exceptionally well with AAA, folk, jazz, and NPR artists. Past performers include: Melissa Etheridge, Vienna Boys Choir, Lyle Lovett, Postmodern Jukebox, Bela Fleck & Abigail Washburn, & more!

**TECH PACKAGE**

Stage Specs | Load-In | Lighting | Audio  
Power | Atmospherics | Sound Board

# STAGE SPECIFICATIONS

Please note the fire curtain location, which must remain clear of equipment and staging so as to not block the curtain coming down completely. Cables and other low-profile items may cross this line, as long as it will not interfere with the fire curtain's intended purpose.

Travelers are located downstage of the fire curtain and 4' from the upstage wall. There is not midstage drape or rigging. This is a rental item when absolutely necessary.

Note that there are no in-house risers. Any staging, platforms, etc. is by request.

**STAGE LEFT**

**STAGE RIGHT**

# LOAD-IN

Parking and load in take place at the front of the venue.

***1605 Massachusetts Ave  
Lexington, MA 02420***

There is a ramp on the front of the building (to the left). Buses & trailers may park in the loop for load in.

Then park for the duration of the event/day at the spots on Mass ave in front of the venue.

# LIGHTING

## HOUSE CONSOLE

- ETC Element with Sensor3 96ch Dimmer Rack

## HOUSE FIXTURES

- 22 ETC Par w/ Lens Kit
- 54 ETC S4 Lekos
  - 20 19 Degree | 16 on FOH pipe, white
  - 21 26 Degree
  - 13 36 Degree
- House Lights
  - Overhead ring, pendants over balcony, under balcony, center chandelier
- No House Gel, please request in advance

## POSITIONS

- FOH-4 Booms | 4 circuits per boom, on motors (#72-87)
- 1st Electric | 12 circuits (#2-13)
- 2nd Electric | 19 circuits (#14-32)
- 3rd Electric | 15 circuits (#33-47)
- USL wall panel | 16 circuits (#48-63)

## FOCUS NOTES

- All positions / fixtures over the stage are moveable and focusable per show.
- FOH pipes are focusable, but fixtures and lenses should remain in position as much as possible. Also bear in mind that these are bounce-focus only, and the pipes are very lightweight. Therefore, very specific and critical focusing should be done with over-stage fixtures. FOH is best used as front wash only.

## SPOT POSITIONS

- In Tech Booth, Balcony Level, back of house (greatly preferred, noise isolation)
- Next to 1st level balcony entryway (NOT recommended for quiet shows; fan noise is very audible to balcony seats)

Moving fixtures and other available on request. Note that the building only has one 200A cam-lok connection, so power will need to be shared with audio, or utilize parked dimmers/wall power, which consists of 120V 20a circuits.
